### Numbers

All horses must have a competitor number attached when outside the stall.

### EC Rules

It is the competitor's responsibility to be in compliance with all rules outlined in the EC rule book. If unsure, please consult an official for clarification.

### Vet Check

There will be a vet check at the end of XC – all competitors must present themselves to the vet check after the cross-country phase – including riders who are leaving the course without finishing for whatever reason. Please also report to the timers as you leave the course.
